

Not-For-Profit Microsoft Software Offer

Technology can be a powerful tool. As a Not-for-profit, access free Microsoft software to enable your organization to be more productive, more innovative, and ultimately, get back to doing the work that matters.

What you receive

► DISCOVERY SESSION

Complementary discovery session to understand your needs and show how Dynamics 365 can meet them and improve your organisation's performance in marketing, operations, finance, customer service, compliance and other key business areas.

► FREE DYNAMICS 365

5 free seats of Dynamics 365 Sales Enterprise via CSP and EA. Ensure your key decision makers operate via a single system to ensure they work far more efficiently, accurately and securely than when using multiple systems and software.

► FREE POWER APPS

10 free seats of Power Apps (Per App Plan) via Direct, CSP, and EA. Automate routine business activities including ordering, sign ups, check ins and any automate-able aspects of your employees' work. This will ensure everyone in your organisation can stop 'treading water' and has more time for transformative tasks including relationship building, process improvement, idea-generation and strategy.

► TRAINING AND CUSTOMISATION

Free initial training and customisation. Understand how to operate your new systems and have them modified to suit your organisation's unique needs.

► NFP SUPPORT

Heavily discounted NFP support. Enjoy very affordable assistance in the future when you need it.

► PRODUCT SUPPORT

Support with the entire Microsoft suite of products. Understand how the full suite of Microsoft products can work together to help your business operate more efficiently.

Why partner with RENSkyTech?

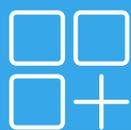

EXPERIENCE

We have 22 years of experience working with NFPs. We understand their needs and constraints better than any other local provider of CRM systems. We will help them to access the technology they need at the most affordable price and guide them step by step as they transition to it from older systems.

INDEPENDENCE

We simplify the Microsoft maze. We understand the potential of Microsoft solutions as well as relevant offers and licensing programs available to you. We help our clients solve their specific problems with this powerful technology in a cost effective way.

As an accredited GOLD Microsoft partner, our clients receive the maximum benefits of our expertly implemented Microsoft solutions. Get the most out of your software through training and ongoing support, so you can ensure your organisation is operating with the best systems and solutions they need.
